Sponsorship Program

WHY SPONSOR A DOG?

Some of the dogs that come to Mostly Mutts No-Kill Shelter suffer from injuries or chronic illnesses while others have been badly abused or neglected. As a result, they need specialized medical treatment, behavioral training and extra love and nurturing before they can find their forever home. At Mostly Mutts, all the dogs are allowed as much time as they need to find a special family who can care for them. If they are unable to secure a forever home elsewhere, they are welcome to live as happily and comfortably, and as long as possible at the shelter, with all the TLC that Cheryl Hill and all of the faithful volunteers can provide. To uphold this commitment, we need YOUR HELP! Learn more about some of the dogs in our Sponsorship Program and make a difference in the life of a dog that truly needs YOU!
